Runway Incursion and Evaluation Program (RIIEP)

The FAA has started a program to determine root causes of runway incursions. RIIEP calls for voluntary participation, and is administered by the local FSDO.

Sharing of valuable safety information may help lead to effective corrective actions. It is up to you, the user of the system to help improve it. (see attachment)

New CTAF frequencies around the State

Suburban and Tipton both have changed to 123.05

Keep the frequencies clear of unnecessary chatter....and LISTEN UP.

There will be a few more frequency changes in the coming months, so check those NOTAMS and fly safe!
